

H1 plastic palette

The Euro H1 pallet 1200 x 800 mm was specially developed for the demanding food industry.

The range is characterized by high robustness and is the first pallet that has been awarded the "GS Mark of Approved Safety".

The Euro H1 pallet is the most widely used plastic europallet in Europe.

The H1 plastic pallet is easy to clean, hygienic and extremely durable - even with intensive use.

characteristics

Equipped with 3 longitudinal skids.

Bottom of feet and runners closed and hygienic.

With circumferential securing edge against slipping of cargo and empty pallets with each other.

Extra strong due to the sloping connection of runners and feet.

Breakage damage at these sensitive points is thereby reduced to a minimum.
